1 Q So did they have a problem with that?

2 A Yes. Because they were unable to confirm that I had a valid
3 concealed pistol license, they took my pistol.

4 Q Okay. Anything else happen? Did you get arrested? Get a
5 citation?

6 A No.

7 Q And when they asked you for your driver's license and your
8 CPL, you would have complied had you had them with you;
9 correct?

10 A Would have immediately complied, yes. I did immediately
11 take action to see that my licenses were delivered to the
12 officers.

13 Q When you were arrested by the Jackson Police Department on
14 May 15th, 2013, your weapon had been seized. Did you
15 retrieve your weapon from the police department?

16 A To my knowledge, they still had my pistol, up until the
17 response from your office was that they do not. The
18 response, I believe, from your office stated that they do
19 not have my pistol. As far as what happened to it after May
20 15th, I could not tell you.

21 Q Did you ever ask for it back?

22 A No.

23 Q Any other police contacts that you haven't told me about?

24 A Yes.

25 Q What department?
